RESTLAWN CEMETERY

Fees, Rules and Regulations

Rules and Regulations: The cemetery owned and operated by Seward County Kansas hereafter referred to as “the County” and known as the Restlawn Cemetery, which is located 4 miles north of Liberal KS on highway 83, shall be governed, managed and operated under the following rules and regulations.

Plot Owners in cemeteries often misunderstand the purpose and function of cemetery rules and regulations and the important part they play in the beautification and preservation of the grounds. Too often people are inclined to resent what they term “restriction on my rights and privileges.” Fortunately for Seward County, residents of the community fully realize that cemetery rules are for the protection of the plot owner, safeguarding them from the misdirected sentiment and poor taste of those who might erect unsightly memorials or otherwise impair the dignity and beauty of the cemeteries.

Conduct of Persons within the Cemetery. [Section J revised 06/06/19](#)

- a. It is the utmost importance that there should be strict observance of all proprieties of the cemetery, whether embraced in these rules or not, as no improprieties shall be allowed and the cemetery sexton or administrative staff shall have power to prevent improper assemblages or actions.
- b. The cemetery sexton or administrative staff is hereby empowered to enforce all Rules and Regulations, and to exclude from the cemetery any person in violation of the same, and the cemetery sexton or administrative staff shall have charge of the grounds and buildings, and at all time, shall have supervision and control of all persons within the cemetery, including the conduct of funerals, traffic and employees. To protect and promote the best interest of the cemetery, the cemetery sexton or administrative staff is authorized to make temporary additional rules, which are not covered by these Rules and Regulations.
