Under the current method of election and voting plan for members of the Board of Education of Unified School District No. 483, Seward County, Kansas, the school district is divided into six member districts with one board member elected from each such district and one member elected at large. Under the current voting plan (plan-C), all electors who are otherwise qualified according to law, and who reside in a particular member district may vote in both the primary and general election for the member positions of such member positions of such member district and for the at large position.

The Board of Education of Unified School District No. 483, Seward County, Kansas has adopted the necessary resolution to change the method of election currently in existence. Under the board's resolution, the district will be changed to the two member district method of election under which the district is divided into two member districts, three board members are elected from each member district and one board member is elected at large. Under the two-member district method, former board member districts one, two and three in Unified School Districts No. 483 would compose new district number one. Former board member districts four, five and six would compose new district number two. If approved, the new method of election will govern the school board election to be held in April 2005 and thereafter unless again changed in accordance with the law. No present board members term will be shortened by a change of the method of election and voting plan.

"Shall a change in the method of election as described in the ballot title above be approved?"
